

# Log in using the M2SYS USB Fingerprint Scanner

Accessing TimeForge.com to view your work schedules and time card is very simple with the TimeForge Fingerprint Scanner, provided by **M2SYS Accelerated Biometrics**.

Follow these instructions to log in to TimeForge with the Fingerprint Scanner.

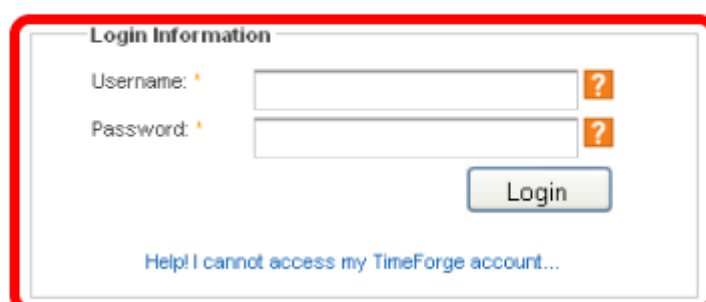

## Go to TimeForge and then place your finger on the fingerprint scanner

Point your browser to app.timeforge.com, then place your finger on the biometric fingerprint scanner.

If your fingerprint is registered, TimeForge will automatically log you in, and take you to the **Today** page.

### Login to TimeForge

To login to TimeForge, please enter your Username and Password in the fields below!

A screenshot of the TimeForge login interface. It features a white box with a red border containing the login form. The form is titled "Login Information" and has two input fields: "Username:" and "Password:". Each field has a small orange question mark icon to its right. Below the fields is a "Login" button. At the bottom of the box, there is a blue link that says "Help! I cannot access my TimeForge account...".

## If your fingerprint cannot be found...

If your fingerprint cannot be found, or the software was not able to recognize your fingerprint, you will see the error message below.

Please try to scan your fingerprint again, or if you are not registered yet, speak with your manager to register your fingerprint with TimeForge.

 Your fingerprint was not found in our fingerprint database.

## Log in to TimeForge
